Hilary Blackshaw  
Meridian Productivity Ltd  
24a Ainslie Place  
Edinburgh  
EH3 6AJ

Dear Hilary

We would like to take this opportunity to thank you and the Meridian team on the completion of a successful project in our IC Test Area.

The project met its agreed deliverables, and we were pleased with the assistance given the potentially difficult problem of the transfer of personnel. This was handled in a smooth and professional manner. We were particularly pleased with the career opportunities which this now affords for those transferred.

The control system installed as a result of the project will assist us to further develop the Test Area and its contribution to the business as a whole.

Meridian Productivity managed the projects in a professional and effective manner.

Yours sincerely

M Housham  
Industrial Manager
